Secretary's No Child Left Behind Leadership Summit— Increasing Options Through e-Learning

This conference will ask leaders to explore virtual education—distance learning, virtual schools and other online education courses—as a powerful technology innovation expanding opportunities for learning any time, any place in support of NCLB.

Highlights: Secretary Paige and other keynote speakers, engaging sessions, networking reception, cyber cafe, virtual schoolhouse, and an exhibit hall featuring the latest in e-learning solutions.

Who should attend?

State policy leaders, including:

- Governors
- Legislators
- State Chiefs
- Board of Education members
- Superintendents
- Educational Technology Directors
- Association members

Representatives from:

- Universities and Colleges
- Virtual Schools
- Charter Schools
- International distance learning organizations and leaders
- Distance learning associations
- Companies specializing in virtual education
